

Preface

It is my proud privilege to welcome you all to the International Conference organized by **IDES**, held during **Mar 12, 2016 in Bengaluru, India**. This conference is jointly organized by the **IDES** and the **Association of Computer Electrical Electronics and Communication Engineers (ACEECom)**. The primary objective of this conference is to promote research and developmental activities in Computer Science, Computer Network, Computational Engineering, and Communication. Another objective is to promote scientific information interchange between researchers, developers, engineers, students, and practitioners working in India and abroad.

Total 37 papers were registered for this joint International conference. Out of these 37 papers, 6 papers were registered for the Seventh International Conference on Recent Trends in Information, Telecommunication and Computing – ITC 2016.

I am very excited to see the research papers from various parts of the world. This proceeding brings out the various Research Papers from diverse areas of Computer Science, Network, Computational Engineering, and Communication. This conference is intended to provide a common platform for Researchers, Academicians and Professionals to present their ideas and innovative practices and to explore future trends and applications in the field of Science and Engineering. This conference also provides a forum for dissemination of Experts' domain knowledge. The papers included in the proceedings are peer-reviewed scientific and practitioners' papers, reflecting the variety of Advances in Communication, Network, Electrical, Electronics, and Computing.

As a Chief Editor of this joint Conference proceeding, I would like to thank all of the presenters who made this conference so interesting and enjoyable. Special thanks should also be extended to the session chairs and the reviewers who gave of their time to evaluate the record number of submissions. To all of the members of various Committees, I owe a great debt as this conference would not have not have been possible without their constant efforts. We hope that all of you reading enjoy these selections as much as we enjoyed the conference.

Dr. B Mathivanan
Sri Ramakrishna Engineering College, India
