

Message from Prof. Kirpal Singh Badungar

It gives me immense pleasure to know that Department of Electronics and Communication Engineering of Guru Nanak Dev Engineering College is organizing an International conference on ‘Soft Computing Applications in Wireless Communication’ (SCAWC-17). The role of the department is highly commendable in conducting short term courses, conferences, research and consultancy, graduate and higher studies. The conference will provide a platform where research scientists and practicing engineers can share their experiences and ideas.

I wish to extend my warm felicitation to all those associated with this event and wish them all success in their future endeavors.

Prof. Kirpal Singh Badungar
President

Shiromani Gurudwara Prabhandak Committee & Nankana Sahib Education Trust

Message from Dr. M. S. Saini

I take this opportunity to congratulate the Department of Electronics and Communication Engineering for organizing International conference on 'Soft Computing Applications in Wireless Communication' (SCAWC-17). This conference will definitely provide a common platform for fruitful interaction to academicians, researchers and industry experts to discuss advances and research pursuits in emerging technologies of Wireless Communication at global level. Soft Computing Techniques in Wireless Communication represent a new intellectual paradigm for scientific exploration and visualization. Definitely the deliberations during the conference would go a long way in promoting greater awareness and understanding of the emerging areas and recent developments in applications of soft computing techniques in Wireless Communication.

I wish the conference a grand success.

Dr. M. S. Saini
Director
Guru Nanak Dev Engineering College Ludhiana

Message from Dr. Sandeep Singh Gill

It is a moment of great pride for me that our department is organizing International conference on ‘Soft Computing Applications in Wireless Communication’ (SCAWC-17). The conference provides a significant platform for the engineers to share their valuable knowledge about the latest developments in the field of soft computing techniques in Wireless Communication. The deliberations during the conference will surely be beneficial for the industry and institutes engaged in advanced research. The response to the conference has been overwhelming.

On behalf of organizing committee, I gratefully acknowledge the grand received for TEQIP-II, DRDO New Delhi and CSIR, New Delhi and many other sponsors from industry, for organizing this conference. I congratulate and thank all the faculty and students of Electronics and Communication Engineering Department for putting in their sincere efforts to make this conference a great success.

Dr. Sandeep Singh Gill
Conference Chair, SCAWC-17

Message from Prof. Narwant Singh Grewal

We are delighted International conference on 'Soft Computing Applications in Wireless Communication' (SCAWC-17) is being organized by the Department of Electronics and Communication Engineering. It will provide a platform to the Researchers, Academicians, technocrats and Scientists to discuss their research activities and motivate them in activities and motivate them in achieving their goals and review the current process of R & D in all spheres of Wireless Communication techniques.

The application of soft computing techniques in Wireless Communication represents a new intellectual paradigm for scientific exploration and visualization of scientific phenomenon. We are sure that the deliberations in this Conference are going to contribute to further advancement to enrich the knowledge of participants.

We extend our best wishes to all the participants and a very warm welcome to all the delegates, who are coming from different regions of country. We are also graceful to every member of the organizing team that has put in their best to make this conference a grand success.

Prof. Narwant Singh Grewal
Dr. Balwinder Singh Dhaliwal
Dr. Munish Rattan
(Organizing Secretaries, SCAWC-17)
