

Message from D.S. Dhesi, IAS (Chief Secretary, Haryana)

It gives me immense pleasure to know that Geeta Institute of Management and Technology, Kurukshetra is going to organize its 5th International Conference on 'Emerging Trends in Engineering and Technology' on November 4 and 5, 2016. A souvenir is also being brought out to mark the occasion.

It is indeed appreciable that through this conference, the institute is providing an inter-disciplinary forum for engineers, researchers, faculty and student to discuss innovations and developments on emerging trends.

Science and Technology have come to be regarded as one of the most powerful instruments of growth and development, especially in the emerging scenario and competitive economy. Engineers are dedicated to solving problems and creating new, useful and efficient things. They are the backbone of economic, social and other developmental activities in a country.

I hope that the conference will provide a platform for exchange of ideas and enable the students to gain valuable knowledge and latest information about the happenings and achievements in the field of research in all branches of Engineering.

With best wishes!

D.S. Dhesi, IAS
Chief Secretary, Haryana,
Chandigarh

Message from Dr. Kailash Chandra Sharma

I am glad to learn that Geeta Institute of Management and Technology, Kanipla, Kurukshetra, is organizing the 5th International Conference on “Emerging Trends in Engineering and Technologies” on November 4-5, 2016.

I appreciate the initiative of the college to hold a conference on a highly relevant subject in the present times. Technology is playing a major role in the development of nations and the engineers and scientists of India have a big role entrusted upon them by the nation. Conferences provide platforms for confluence of the practitioners and the academia and provide food for thought to the delegates.

I am sure that the specialist personnel who converge on the occasion will deliberate the latest trends and developments in this highly specialized area and richly contribute to the existing knowledge. I believe that the entire exercise will prove very rewarding.

On this occasion, I send my good wishes to the organizers and participants and wish the event a great success.

Dr. Kailash Chandra Sharma
Vice-Chancellor
Kurukshetra University, Kurukshetra
